Rocky's History ...

Wyoming Basset Hound Rescue (WBHR) was first contacted about Rocky I believe in early October, 2010. He had gotten out of his yard, was found by someone in Casper, WY who knew us and called to see if we knew of any of our adopters missing a Basset Hound. He was wearing a rabies tag from Billings, MT.

He was found to be called Chocolate and the tag was from one of those clinics, where people go and get their vaccinations for a reduced rate. The lady said she'd already been called about him three times and wished people would quit calling! He did have a micro-chip and we found out who his family was.

Chocolate's family contacted the shelter who scanned his chip and he went home. Later in October we got a call from the family, on a Wednesday, saying they were losing their home, they had to move to a motel and they couldn't keep Chocolate or their other dog. We said we would get him on Friday.

On Thursday night I found out he was at the City Shelter in Casper. Come to find out, Chocolate had yet again gotten out of his yard and this time the family didn't get him, they left him there. We let the Shelter

know his history and luckily we got him into WBHR.

Chocolate went to his first foster home in Sheridan, WY and I think you've maybe been in touch with Janette and Larry, maybe got pictures from them? Anyway, their female heeler picked on "Rocky," so he went to a new foster home in Laramie, WY, with two male Australian Shepherds.

Rocky was adopted in early January, 2011 to a single gal in Rawlins, WY. The day before she picked him up from the foster home, she took on a second job and Rocky was kept in a kennel nearly all day, while she worked. That was nearly 7 days a week now, with her taking the second job. Rocky was returned to us on February 2nd. Rocky was fostered for around one month and he was found by you! Within three to four weeks, his home was with you!

So that is Rocky's life at WBHR. Nearly five months of ups and downs before getting his lucky break that you found him on our web page, Jim. I thought you may be interested to know that Rocky possibly started in Montana and just took a little time to really get "home"! Thanks.

Holly S. Moen
Wyoming Basset Hound Rescue

Maybe finding my "forever home" in Montana was fortuitous. My master's Basset Hound Jeb died in October,

2010 when WBHR was first contacted about me. In addition, my master has a Hush Puppy Basset Hound dressed for Halloween, and Halloween is in October. And, I originally came from Montana. Regardless, I am exactly where I am supposed to be.

The Rocky Report Published at WBHR...

The Rocky Report has been published at WBHR. The link is
